Lanes Closure on I-20

TENNILLE— The Georgia Department of Transportation; Scott Bridge Company, Inc.; and United Contractors, Inc. announce that throughout the month of July there will be lane closures eastbound and/or westbound on I-20 at various locations around the Belair Road to I-520(Bobby Jones Expressway) area.

These closures will be at night, between the hours of 9 pm and 6 am, to install temporary barrier wall and is necessary to construct the new interior lanes of I-20. The temporary barrier wall will remain in this configuration until we move into the next phase later in the project.

As with all road construction, motorists are advised to use extra caution in construction work zones. Motorists are also reminded that the posted speed limit will be reduced to 45 mph in the construction zone.
